

VOTE “NO” ON FLORIDA ABORTION AMENDMENT 4

Amendment 4 is deceptive. Don't be fooled!

The most extreme abortion law ever proposed will appear on the November ballot in Florida as Amendment 4. **Amendment 4 will permit abortion for any reason, up to and during birth.** Not even health or safety regulations will survive. Unscrupulous abortionists will be totally unregulated.

Here's what else it means:

- No parental consent
- No informed consent
- No reflection or waiting period
- No health or safety regulations
- No qualification requirements for abortionists or abortion clinics
- No limit on late-term abortions
- No limit on brutal dismemberment abortions
- No limit on aborting babies to harvest their organs

Except for *parental notification, EVERY LAW AND REGULATION regarding abortion will be overturned by Amendment 4.

**Parental notification is not parental consent.*

Deceptive Title and Ballot Summary

“Amendment to Limit Government Interference with Abortion”

“No law shall prohibit, penalize, delay, or restrict abortion before viability or when necessary to protect the patient’s health, as determined by the patient’s healthcare provider. This amendment does not change the Legislature’s constitutional authority to require notification to a parent or guardian before a minor has an abortion.”

NO LAW Before Viability

- No restrictions on abortions up to “viability”
- Only parental notification survives

NO LAW After Viability

- A “healthcare provider” includes 58 categories of practitioners — many with no medical training — including an Orthotic Fitter Assistant
- A “healthcare provider” has sole authority to determine “viability”
- A “healthcare provider” has sole authority to override late-term abortion restrictions
- A “healthcare provider” has sole authority to determine if abortion is “necessary”
- Because “health” is undefined, it allows abortion for any reason

Don’t be fooled. Vote NO on Amendment 4!
